Sesriem- Sossusvlei

Day Itinerary

On this day ,it requires an early start at (5h00 AM) you will be picked by our guide. Receive your trip documents for your tour briefing just before departing to Sossusvlei. Embark DeadVlei, Dune 45, Big daddy dune and Sesriem Canyon (park fees included). Lunch at Sossuvlei lodge (Own Account). In the late afternoon, we return to Windhoek. We trust you've had a fantastic time and bid farewell to your driver.

Sesriem

As there is no accommodation at Sossusvlei, visitors to this desert wilderness are likely to end up staying at Sesriem, 65 kilometres away, where camps and lodges serve as a base from which to explore the dunes. Sesriem Canyon, a deep chasm carved through the rocks by water, is a striking natural feature of the area that is best explored on foot. Stony walls rise up sharply on both sides of the canyon, while birds roost in its crags and lizards dart along the ledges. The canyon's name was coined when early settlers used it as a water source, using six lengths of leather ('ses riem – six thongs) tied together to lower buckets into the water at the base of canyon.)

Activities

| |
|----------------|
| Dead Vlei |
| Dune 45 |
| Sesriem Canyon |
| Big Daddy 250m |

Dead Vlei

This ancient clay pan was once an oasis, studded with acacias and fed by a river that suddenly changed course, leaving the earth to dry up along with the trees it previously supported. So dry were the climatic conditions that the trees never decomposed – instead they were entirely leached of moisture so that today, 900 years later, they remain as desiccated, blackened sentinels dotting the pan's cracked surface. Surrounded by the red-pink dunes of the Namibia Desert, they create a surreal spectacle that is a photographer's dream.

Dune 45

Named for its location 45 kilometres past the town of Sesriem, Dune 45 is renowned for its elegant shape, which – along with its position close to the road – have earned it the distinction of 'most photographed dune in the world'. If you're not keen for the strenuous hike to the top of Big Daddy, Dune 45 is a more forgiving alternative, standing at only 80 metres and featuring a much gentler gradient.

Sesriem Canyon

Sesriem Canyon is a captivating natural wonder located in the heart of the Namib Desert in Namibia. Carved over millions of years by the Tsauchab River, this narrow gorge is a testament to the power of erosion. The name Sesriem comes from the Afrikaans and Dutch words for six leather straps, which early pioneers used tied together to draw water from the deep pools within the canyon. Sesriem Canyon is not only a geological marvel but also a haven for unique desert flora and fauna, making it a popular stop for tourists exploring the surreal landscapes of the Namib Desert.

Big Daddy 250m

Big Daddy is the tallest dune in the Sossusvlei area. This magnificent dune is situated between Sossusvlei and Deadvlei and at 325 meters it dwarfs the other dunes. Should you want the ultimate bragging rights, take a lot of water and trek to the top of Big Daddy where you can look down onto Deadvlei. At 325 meters, Big Daddy may be the highest dune in the Sossusvlei area, however it is not the highest in the Namib Desert. This honour is given to Dune 7, which has been measured at 388m. Dune 7 earned its name by being the 7th dune along the Tsauchab River.

Itinerary Terms and Conditions

PAYMENT POLICY

A 50% confirmation deposit is required upon confirmation of each tour. This deposit payment is used to pay confirmation deposits to the service providers detailed in your itinerary to secure bookings. The balance of the tour payment required 45 days prior to arrival.

CANCELLATION POLICY

Covid-19 Cancellation Policy from 1 Jan 2020 until further notice: Confirmed bookings for which we have received a deposit or full payment, will be secured should a client not be able to arrive in Namibia due to Covid-19 related instances. Bookings can be amended up to 12 months at the quoted rates (2021 / 2021). If guests do not have future travel dates yet and are not sure when they travel, we will issue a voucher for future use (no expiry date). Should they decide to travel after December 2022, the quote will be amended to reflect the applicable year's supplier rates. Outright cancellation and refund of the confirmation deposit will be considered should a guest not be able to arrive in Namibia due to Covid-19 related instances (e.g. being suspected of carrying the Corona Virus and not being allowed to board the plane to Namibia, border closures, either in Namibia or abroad, inclusive of neighbouring borders if it is a cross 4 border itinerary, quarantine advice, fresh lockdown etc.) and where this inability to travel is beyond the control of the guest(s). The guest(s) in question need to provide reasonable support for the failure to travel.

OTHER Unless otherwise specified, no provisional booking is made for quotes. Quoted costs are subject to change at the time of booking as a result of, but not limited to: changes in government or other taxes, levies or regulations, availability, changes to planned itineraries due to unforeseen circumstances or any other

influences beyond the control of the company. Accommodation and services are subject to availability at the time of booking, sometimes not in the preferred camp sequence. Should the accommodation of choice not be available, we will suggest alternative options within the style and budget of the original request. For the purposes of quoted prices, internal air transfers (flights) are deemed quoted at „seat rates“ unless otherwise specified. Seat rate means any person or persons booked on a seat rate will travel with the chosen air charter company on a seat per plane rate.

This means the client will have a guaranteed seat on the given date although will have to depart from the camps at a time stipulated by the chosen air charter company. These times are only confirmed and available the day prior to travel and they will be communicated directly to your accommodation or agent the day prior to travel. On a seat rate the aircraft will have other passengers aboard from different camps and may fly to various camps prior to arriving at your destination. To ensure we keep the rate as low as possible we will always try and fill the aircraft to max allowable capacity. Passenger safety and comfort is always taken into consideration. It is the responsibility of the client during the quotation process, to advise the ages of any children travelling as this may restrict the accommodation options available and may affect the quoted price. Some properties may require that a private vehicle be booked for activities or that children below the age of 18 share with an adult. It is the responsibility of the client, during the quotation process and prior to confirmation, to advise of any pre-existing medical condition or P a g e | 16 illness as well as the nature of such conditions. Any omissions that result in additional cost will be for the client’s account.

It is the Client’s responsibility to consult with his/her medical practitioner regarding their participation in the tour and its associated activities and to attend to these conditions for the duration of the tour. It is the client’s responsibility to arrange from home any necessary prescribed medication and to carry this medication in their hand luggage for the duration of the tour. It is the responsibility of the client, during the quotation process and prior to confirmation, to be aware of any vaccination, passport, travelling with minors’ regulations, visa and insurance P a g e | 14 requirements and to timeously obtain the necessary documentation required for entry into any particular country. Any omissions or incorrect documentation that result in additional cost will be for the clients’ account.

A minimum connection time of 2 - 3 hours should be allowed for international/regional flights, such as flights between Europe, Windhoek, Johannesburg, Victoria Falls, Maun, Cape Town etc. In such cases where the Company is requested to book international or regional scheduled/commercial flights, it is the responsibility of the Client, at the time of booking, to advise the full names and surnames of the travellers as per their passports. Any incorrect ticketing and resulting costs incurred because of incorrect information dissemination will be for the clients’ account. 100% upfront payment is required prior to the issuing of tickets, and final price of tickets can only be guaranteed at the time of ticketing. Upon confirmation of a booking in writing, the company will request a list of information with respect of all travellers in order to correctly confirm the booking with the various suppliers. Upon confirmation of a booking in writing, our cancellation policy is effective immediately. It is the responsibility of the Client to check all travel documents supplied by the Company, including but not limited to: the itinerary details, travel vouchers, air ticket etc., to ensure all details are correct, and to be familiar with all inclusions and exclusions.

Travel Information

Located in southwestern Africa, Namibia boasts a well-developed infrastructure, some of the best tourist facilities in Africa, and an impressive list of breathtaking natural wonders. Visitors can explore the capital of Windhoek and discover the lovely coastal town of Swakopmund boasting remnants of the country's German influence, reflected in the architecture, culture, cuisine and the annual Oktoberfest celebrations. To properly appreciate this extraordinary country, you will have to venture out of the cities to explore the remarkable natural landscapes Namibia has to offer. These include: the impressive Fish River Canyon; the vast Etosha National Park teeming with abundant wildlife, such as lions, desert-adapted elephants and the Hartmann's Mountain Zebra; the hauntingly beautiful Kalahari Desert; and of course the Namib Desert stretching for over 2000 km along the magnificent Atlantic Coast. Namibia is an ideal destination for travellers seeking an unforgettable African experience in a uniquely beautiful untamed wilderness.

Banking and Currency

Currency

The currency of Namibia is The Namibian Dollar (NAD; symbol N\$) is in note denominations of N\$200, 100, 50, 20 and 10. Coins are in denominations of N\$5, N\$1, 50 cents, 10 cents and 5 cents. It is linked to the South African Rand (R) on a 1:1 basis (South African Rand = 100 cents). The South African Rand is also acceptable as currency in Namibia.

The import and export of local currency is limited to N\$50,000. The import of foreign currency is unlimited, provided sums equal to or exceeding NAD5,000 are declared on arrival. Export of foreign currency is unlimited up to the amount imported and declared.

Banking

Banking hours: Monday - Friday 09h00 to 15h30 and Saturday 08h30 to 11h00

Banks are found in most towns, with most being closed on Sundays and public holidays. Most of them offer foreign exchange services - with cash, bank and credit cards as well as travellers cheques.

American Express, Diners Club, Mastercard and Visa are accepted. Credit cards are not usually accepted at petrol stations, so bear this in mind when you visit the ATM. Setting aside an emergency petrol cash fund is a good idea if you're planning to drive.

You can also obtain cash from many of the ATMs. Several international banks have branches in main city centres. Always advise your bank that you are travelling outside of the country as they might block your purchases if they have not been informed.

To avoid additional exchange rate charges, take traveller's cheques in US Dollars or South African Rand. In general, you can expect a better exchange rate for traveller's cheques than for cash.

Travel, Transport and Getting Around

Public transport in Namibia is geared towards the needs of the local populace, and is confined to main roads between major population centres. Although cheap and reliable, it is of little use to the traveller as most of Namibia's tourist attractions lie off the beaten track.

It is easy to travel around Namibia by car, and a 2WD vehicle is perfectly adequate for most journeys.

However, long distances, poor mobile phone coverage outside of main towns and infrequent petrol stations that only accept cash mean that planning ahead is vital.

There are major airlines that fly into Windhoek and Swakopmund. Other destinations are reachable by car or charter flight.

Namibians drive on the left and all signposts are in English. Seat belts must be worn at all times and talking in a mobile phone while driving is prohibited. The general speed limit is 120km/h on tarred roads outside of towns and 100km/h on gravel roads. In built up areas, the speed limit is 60km/h.

Food, Drink and Cuisine Advice

Traditional Namibian cuisine is rarely served and so the food at restaurants tends to be European in style and is, generally, of a very high standard.

Namibia is very meat-orientated, and many menu options will feature steaks from various animals. However, there is usually a vegetarian and seafood section offered by most camps and restaurants.

In the supermarkets you'll find pre-wrapped fresh fruit and vegetables (though the more remote the areas you visit, the smaller your choice), and plenty of canned foods, pasta, rice, bread, etc. Most of this is imported from South Africa.

The water in Namibia's main towns is generally safe to drink, though it may taste a little metallic if it has been piped for miles. Natural sources should usually be purified, though water from underground springs and dry riverbeds seldom causes any problems. However, filtered and bottled water are readily available in most towns and all camps, lodges and hotels.

Climate and Weather

Partially covered by the Namib Desert, one of the world's driest deserts, Namibia's climate is generally very dry and pleasant – it's fine to visit all year round. Namibia only receives a fraction of the rain experienced by countries further east. Between about **December to March** some days will be humid and rain may follow, often in localised, afternoon thunderstorms. These are more common in the centre and east of the country, and more unusual in the desert.

April and especially **May** are often lovely months in Namibia. Increasingly dry, with a real freshness in the air, and much greenery in the landscape; at this time the air is clear and largely free from dust.

From **June to August** Namibia cools down and dries out more; nights can become cold, dropping below freezing in some desert areas. As the landscape dries so the game in the north of the country gravitates more to waterholes, and is more easily seen by visitors. By **September and October** it warms up again; game-viewing in most areas is at its best, although there's often a lot of dust around and the vegetation has lost its vibrancy.

November is a highly variable month. Sometimes the hot, dry weather will continue, at other times the sky will fill with clouds and threaten to rain – but if you're lucky enough to witness the first rains of the season, you'll never forget the drama.

Clothing and Dress Recommendations

Namibia is a country with a diverse climate. It is recommended to pack lightweight clothing made of breathable materials, such as cotton or linen, to combat the heat during the day. In the evenings, temperatures can drop significantly, so it is best to pack warmer layers. Visitors can bring hiking shoes or sneakers for outdoor activities. Long pants and a shirt with buttons are often quite adequate for a formal occasion or work wear.

Internet Availability

Telecom Namibia offers a service called wi-space. You purchase a wi-space voucher that allows you to connect to WiFi wherever you see the wi-space logo (about 40 locations in Namibia).

Alternatively good WiFi access is available at most holiday accommodation venues across the country (free / paid).

Electricity and Plug Standards

Electrical sockets in Namibia are Type M (SABS-1661). If your appliance's plug doesn't match the shape of these sockets, you will need a travel plug adapter in order to plug in. Travel plug adapters simply change the shape of your appliance's plug to match whatever type of socket you need to plug into. If it's crucial to be able to plug in no matter what, bring an adapter for all types.

Electrical sockets in Namibia usually supply electricity at 230 volts AC / 50 Hz frequency. If you're plugging in an appliance that was built for 230 volt electrical input, or an appliance that is compatible with multiple voltages, then an adapter is all you need. If your appliance isn't compatible with 230 volts, a voltage converter will be necessary.
